

Real-time Closed Captioning and Live Translation Services within Adobe Connect

The all-new enterprise Closed Captioning pod (with Google Translate integration) for Adobe Connect facilitates real-time word-by-word* captioning as well as sentence-by-sentence translation, to ensure that all users can make use of the Adobe Connect web conferencing platform, regardless of language barriers or accessibility constraints. This innovative platform developed by eSyncTraining and StreamText.Net offers an easy, convenient and cost-effective way for organizations, companies and learning institutions to ensure participation and accessibility.

An Effortless Process for Increased Accessibility

Professional captioning providers simply create and manage their meetings through StreamText.Net and can immediately, securely connect and transmit transcriptions through the Adobe Connect captioning pod. The end-users have complete control over the caption display within their own pods, ensuring that the transcription is clear and the communication process is as seamless as possible. For multi-lingual audiences, Google Translate is integrated**, allowing users to have the transcript translated into any 3 of 52 different languages in real time.

Ensure everyone gets the most out of your meeting with Closed Captioning for Adobe Connect. This convenient pod features:

- **Real time interaction:** Adds highlight, bookmark, and searchability functions to Adobe Connect
- **Quick, secure connections:** Includes predefined, firewall-friendly connection information that makes setup a breeze
- **Easy saving:** Offers built-in ability for users to record a transcript of the captioning, and export to text or HTML
- **Enhanced readability:** Gives choice of five color and contrast options for caption display, and multiple font size choices
- **9 languages for primary closed captioning:** Closed captioning available for instructors speaking English, Spanish, French, German, Italian, Russian, Chinese, Japanese, or Arabic
- **52 additional languages with Google Translate integration:** Allows instructor to choose any 3 of the 52 Google Translate languages** for simultaneous translation
- **Size options:** Offers ability to hide and show menu to maximize usable space
- **Optional display:** Gives each participant the choice to display captions or not

A Better Way to Offer Access to All

Closed Captioning for Adobe Connect offers a simple and effective way to ensure that all users can participate actively and fully in your organization’s virtual meetings. Real-time, multi-language caption streams and translations help to eliminate communication barriers, allowing all participants to engage in the meeting and widen audiences. Live searchability with highlighting and bookmarking tools also enhances the end user experience and also allows for exporting to a wide range of file formats. With our state-of-the-art platform, your firm can benefit from:

- ▶ Enhanced usability with 6 new interactive features for participants
- ▶ Increased efficiency and productivity with color-coded bookmarking and commenting
- ▶ Section 508 Compliance (www.Section508.gov)
- ▶ Localization for global audiences
- ▶ Ability to insert notes, comments and highlights to transcript
- ▶ Save-to-PDF capability with interactive comments and bookmarking left intact
- ▶ Enhanced font style editing for each participant
- ▶ Auto-scrolling to update the window in real-time with live text stream
- ▶ Participant-side language selection from options provided by meeting organizer (up to 52 languages to choose from)

* Charge word-by-word without captioner is \$.20 per-word. There are multiple total word count packages available that may provide cost savings.
 ** All StreamText.Net packages allow for one primary language, but English, Spanish, French, German, Italian, Chinese, Japanese, Russian, and Arabic translations. The Google Translate add-on is an initial \$200, plus \$20 per language. Instructors may select up to 8 for each broadcast. Please contact us for a cost sheet to see which plan is right for you.
