SIMPLIFY WORKFLOWS BY INTEGRATING YOUR BRIGHTSPACE LMS WITH ADOBE CONNECT

The Brightspace Learning Management System (LMS) by D2L is a powerful, industry-leading system built to enhance the virtual learning experience for participants while alleviating the pressures faculty and administrators face when utilizing the tools needed to create engaging virtual content.

eSyncTraining's Learning Management Systems integrations offer educators the solutions to simplify their workflows while enhancing the learning experience. Adobe Connect allows for a more engaging meeting space for students and instructors while feeding data back into your LMS and taking care of the details for you. eSyncTraining LMS for Adobe Connect is easy to integrate and can be used on an individual course and LMS-wide level.
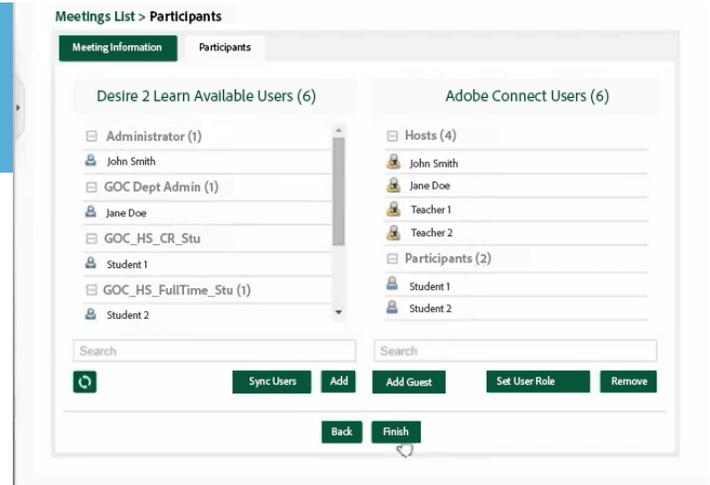

EXPERIENCE:

Session recordings sync back to the Brightspace dashboard where instructors can edit or share the recording with the session participants instantly.

CLASS ROSTER SYNCHRONIZATION & MAPPED ROLES AND PERMISSIONS

*Available with On-Premise, Hosted, and ACMS Adobe Connect accounts

MULTI-DEVICE ACCESSIBLE
Gain the freedom to administer virtual classrooms, study groups, and office hours from almost anywhere. Deliver quizzes and surveys on your tablet and even utilize add-ons and pods such as eSyncTraining's EduGame Cloud.

EASILY REUSE MEETING ROOMS
Adobe Connect meeting rooms can be utilized over and over and even across platforms, ensuring persistence and consistency and an easy set up process.

REAL-TIME QUIZZES AND SURVEYS
Scores and responses gathered from Adobe Connect Meetings are automatically recorded into your LMS, offering a more convenient and error-free way of round trip management of your gradebook.

LARGE CLASSROOM SUPPORT
The LMS synchronization supports Adobe Connect seminars and can support virtual classrooms greater than 1000 simultaneous users.

BRANDING AND CUSTOMIZATION
Customize your LMS portal to tailor to your needs, creating streamlined workflows and a system your organization is familiar with. Access your files and documents from a single location. Course meetings, recordings, and files are available for instructors to distribute to students through permissions.

SINGLE SIGN-ON
Sign-on once in Adobe Connect and your LMS, allowing you to schedule and hold classes, study groups, and office hours with ease.
